# BALLS

## MOLDED BASKETBALL CONSTRUCTION

A type of basketball where the entire outer surface is produced together with the molding of the carcass. This technique is used with our outdoor basketballs.

CARCASS and COVER Provides structure for the inner components. With high-end rubber balls, a coat of paint is applied to enhance a better grip and look.

## LAMINATED BASKETBALL CONSTRUCTION

A type of basketball where panels of leather, composite leather or synthetics are fixed onto a rubber carcass by hand. This technique is used for our indoor and indoor/outdoor basketballs.

COVER provides good grip, feel and aesthetic appeal to the ball as well as necessary strength and abrasion resistance.

CARCASS provides structure for the inner components.

## LEGACY

ZK Material: This exclusive material with advanced moisture management control is engineered for high caliber indoor play. The soft carcass and deep channel design gives this ball a softer feel and improved grip.

The COVER material provides superior grip and soft feel while maintaining Spalding's rigorous standards for material strength and abrasion resistance.

The CARCASS provides structure, shape and protection for the inner components.

**WINDINGS**  
Nylon windings add structural integrity and durability to the ball.

**BLADDER**  
High-end butyl bladder that maintains air pressure.

# SALES CONDITIONS

## PRICES

Our price lists are not special alters and are rather net and without any discounts. They can be changed without prior notice.

## SPECIAL OFFERS

Our offers are without obligation and subject to sale. The special alters and sales of agents, representatives, or any other intermediary are only valid if they have been agreed to in writing by our firm. The prices of our goods are always according to the rates which are valid on the day of delivery, irrespective of the date the order was recorded. Any change of an economic, social or fiscal nature in the conditions of the offer could result in a review of our prices.

## PAYMENT

All invoices are payable within 30 days of the date of the invoice, unless agreed otherwise in writing and by mutual consent and confirmed by means of the signature of both parties. All payments must be made with the bank account number stated on the invoice and in the manner stated on the invoice. Claims cannot result in a postponement of payment, and the existence of a dispute will only result in the payment being qualified. Any outstanding invoice will legally accrue interest of 1 % per month from the due date, without any notice of default being necessary. This surcharge applies from the date payment is due up to the date that payment is made in full. A part of a month will be calculated as a whole month. The customer will be charged all the costs incurred in the recovery of the payment, both legal and extra-legal. The latter is set at 10% of the unpaid sum, with a minimum of € 250.00, without prejudice to the right of UNITED SPORTS BRANDS EUROPE to claim the actual costs. Any claims concerning invoicing must be reported to UNITED SPORTS BRANDS EUROPE by means of a registered Letter at the very latest within fourteen (14) calendar days of the date of invoicing.

If no communication has been received within this period, the customer will be understood to have accepted the information on the invoice as being correct.

## RESERVATION OF TITLE

The goods sold will remain the property of UNITED SPORTS BRANDS EUROPE until the customer has paid the full purchase price plus any interest and delayed payment and increased charges (including transport costs). Nevertheless, the customer shall assume the risk.

## DISPATCH-DELIVERIES

Unless there are special instructions from the customer, we will select the method of dispatch individually for each delivery. The goods will be transported at the cost and responsibility of the addressee, even if we dispatch them carriage paid and irrespective of the means of transport or mode of delivery used. On receipt, the customer must satisfy himself regarding the packages and communicate any complaints to the transport company within the period legally stipulated. The customer must provide evidence of any deficiency or damage. We will observe the stated delivery date to the best of our ability, but we may not be held liable for any delay, nor may a delay be considered grounds for cancelling the order, claiming interest or compensation.

## COMPLAINTS - RETURN OF GOODS

In the event that the goods received do not correspond to what is stated on the invoice, the customer must inform us immediately, at the very latest within forty-eight hours of receiving the dispatch List. This List must be included with the complaint of the customer. Any complaint concerning the quality of a product must be accompanied by:

- a) a specimen of the article with the complaint reported,
- b) to the degree that such an instance can be specified, a sample of the product concerned in its original

packaging, which carries references for identification purposes. The goods cannot be returned without our prior agreement and must be sent to us carriage paid.

The returned goods must be in perfect condition and carefully packed in their original packaging without any changes to their references. They must keep their Label as well as the stamps or brands applied in order to permit their retail sale. Any verbal agreement that is not in agreement with these general terms will only be valid if it has been confirmed by us in writing.

## TERMS OF THE CUSTOMER

The mere fact that we have made a delivery results in the unconditional acceptance of these general sales terms and conditions. Any proviso accompanying the order of the customer that conflicts with these general terms and conditions or adds a new factor will not be accepted, and it is not necessary that we inform the customer of this. The same applies to the provision of jurisdiction.

Spalding reserve the right to amend product design and specification without prior notice.

Subject to alteration. Errors and misprints excepted.
